

NEWSLETTER OF THE SINGAPORE WATER ASSOCIATION

BRINGING
A NEW VIBRANCY
TO SINGAPORE'S
GROWING
WATER INDUSTRY

SWA 12th Annual General Meeting

The 12th AGM of the Association held on 19 November 2015 at WaterHub was attended by 38 members. Mr Tay, President, SWA started the meeting by giving an overview of the SWA's activities over the year.

SWA membership stands at 262. A total of 289 participants attended four technical site visits and 10 courses organised by SWA with partners PUB, WDA and other credible organisations. In 2016, the association will continue to look into collaborating with PUB for courses and with international water organisations to co-organise short technical courses.

SWA Charity Golf 2015 was held this June with Dr. Vivian Balakrishnam, then the Minister for the Environment & Water Resources as the Guest-of-Honour. This inaugural Charity Golf which was well commended by over 100 members and guests, had provided an excellent networking opportunity for our members while raising funds for a good cause. Our members have also been given the opportunity to meet one another regularly and exchange information on new technologies and developments. SWA organised five Water Industry Nites, which were very popular and well-attended. SWA Young Professional Subcommittee was formed to organise networking sessions to connect the young professionals with the rest of the members.

Supported by International Enterprise Singapore, SWA led water industry contingents to countries such as Indonesia, Myanmar, Philippines, Thailand and Vietnam. As part of our on-going effort to profile the association internationally and to enable members to promote their products and services through water exhibitions, SWA will be expanding our reach to new markets such as Sri Lanka and Cambodia.

25th Singapore Water Industry Nite

The 25th Singapore Water Industry Nite hosted by Singapore Water Association was held on 19 November 2015 at the WaterHub. The event was attended by over 150 members and guests. The evening, sponsored by CITIC Envirotech Ltd started by a presentation by the sponsor. This was followed by information on the upcoming activities of SWA as well as SIWW 2016. The event ended with the usual dinner and networking.

PUBLISH YOUR ANNOUNCEMENTS

Members, who have any press releases or corporate announcements to share with the public, can contact the SWA secretariat at enquiry@swa.org.sg. SWA reserves the right to edit the submitted text.

The Singapore Water Association aspires to play a role in efforts to profile and promote Singapore as a one-stop centre for all water-related services and as a water technology hub. This Association will bring together local companies for the mutual benefit of developing a vibrant and dynamic local water industry.

The Association aims to provide a forum for collaboration and the inter-change of ideas and knowledge among member companies. In addition, it will be an arena for networking among members and dissemination of strategic information on emerging business opportunities and new technologies.

SWA as an association will create an awareness and a brand name for itself though actively participating in foreign conferences and seminars, showcasing itself and members at exhibitions and tradeshow and collaboration with other water bodies worldwide. SWA serves as an important network link for members to the international water network. It also contributes to strengthen the presence of Singapore companies in the global market.
