## Advertising Opportunity in the Sixth Edition of the SWA Members' Directory

The Association is publishing the sixth edition of the SWA Members' Directory. Being a reference guide for the water industry to facilitate partnerships amongst companies, this edition is envisaged to have an online version and broader circulation especially with SWA's participation in local and overseas trade exhibitions.

The Directory will include the profile of all members, contacts of relevant governmental agencies, write-up of the Association's activities as well as industry updates. The circulation list covers government bodies like MEWR, EDB, PUB, NEA, IE Singapore, BCA, JTC and WDA, town councils, developers, managing agents, trade embassies and SWA-affiliated associations.

It will be an excellent advertising medium with extensive regional reaches to facilitate business collaborations, do take this opportunity now by booking your preferred advertisement space; and at the same time show your support for the SWA.

The Singapore Water Association aspires to play a role in efforts to profile and promote Singapore as a one-stop centre for all water-related services and as a water technology hub. This Association will bring together local companies for the mutual benefit of developing a vibrant and dynamic local water industry.

The Association aims to provide a forum for collaboration and the inter-change of ideas and knowledge among member companies. In addition, it will be an arena for networking among members and dissemination of strategic information on emerging business opportunities and new technologies.

SWA as an association will create an awareness and a brand name for itself though actively participating in foreign conferences and seminars, showcasing itself and members at exhibitions and tradeshow and collaboration with other water bodies worldwide. SWA serves as an important network link for members to the international water network. It also contributes to strengthen the presence of Singapore companies in the global market.
