## SWA ORGANISED SINGAPORE PAVILION AT OVERSEAS TRADE SHOW: THAIWATER 2017 *7 - 10 June 2017, Bangkok*

As part of our on-going effort to profile Singapore Water Association internationally and to enable members to promote their products and services through leading water exhibitions, SWA organised the Singapore Pavilion for Thaiwater 2017 on 7 – 10 June 2017 in Bangkok, Thailand. The pavilion consists of eight Singapore companies and occupied an exhibition space of 108sqm. It was a good opportunity for the companies to showcase their water expertise and solutions, source for innovative technology, trade with solution providers, share best practices, as well as stay up-to-date with the latest global trends with our local exhibitors during these four days. One of the exhibitors, Kuraray Asia Pacific also took the opportunity to sign a Memorandum of Understanding with Asia Water System Solution during the show to distribute Kuragel-a MBBR media for advanced biological treatment in Thailand and to form part of their specialised system.

The Singapore Pavilion and SWA Networking Reception welcomed the Advisor to the Minister of Energy for Thailand, Assistant Governor for Electricity Generating Authority of Thailand, President of Cambodian Water Association, and Chairman of Myanmar Engineering Society, as well as other distinguished guests from water companies on the second day of the show.
