

## Digital Transformation for Water Industry SMEs 29 January 2019, Tuesday, 9am to 12pm PUB WaterHub Auditorium Level 2 (80 Toh Guan Road East)

SINGAPORE WATER ASSOCIATION

3.

Propelled by increasing water demand, rising operational costs and manpower constraints, water companies have to leverage on digital solutions and smart technologies to strengthen its operational resilience, productivity, safety, and security. The integration of Smart water technology and artificial intelligence will be a key pillar in Singapore's water resource management to achieve greater efficiencies, and faster response time in planning, operations, and service delivery.
