S/N	Product/Service	Description (Max 50 words)	Please select: a. Buying b. Selling c. Others	Date of submission
1	<b>Centrifugal Pump/ Close Impeller type</b>	We are a Manufacturer Of Centrifugal Pumps which provide Quality Price Comparative for process equipment to serve variety industries; HVAC, Heat Ventilation, Air-Conditioning, Irrigation, Water and Sewage treatment plants, Oil-refining and Buildings to Chemicals, Semi-Con and Pharmaceuticals plus Food Processing.	<b>Selling</b>	28/01/2021
2	<b>Vibration Control solutions/ Spring/Restrain Isolator</b>	We Mfg & supply ex-stock VCS that isolate excessive shock vibration & from machines noise vibration by using our VCS effectively reduced therefore creating a quiet and more conducive work environments. www.vcs-ace.com. Our products include: Free Standing Spring Isolator, Restrain Spring Isolators, Spring Hangers, Neoprene Hangers, Mounts and Pads, Marine Mounts.	<b>Selling</b>	28/01/2021
3	<b>WASTE MANAGEMENT PRODUCT</b>	COMPACTOR, REL, GAIA DRYER	<b>Selling</b>	21/1/2021
4	<b>CLEAN &amp; GREEN PRODUCT</b>	SMART TOILET, DISINFECTANT, DISSOLVABLE PLASTIC BAG	<b>Selling</b>	21/1/2021
5	<b>CUSTOMIZATION SYSTEM INTERGRATION</b>	CRANE,IOT,RFID, LOAD CELL, FABERCOM STABILIZER	<b>Selling</b>	21/1/2021
6	<b>REPAIR &amp; MAINTENANCE</b>	AFTER SALE SERVICE	<b>Selling</b>	21/1/2021
7	<b>Sustainable Drinking Water Solution for Hospitality</b>	Water Filtration Products (including consultation services) for eco-friendly solutions to reduce single use bottled water in HORECA (Guestrooms / F&B / Convention Areas / Others). Hot/Cold/Sparkling on-demand solutions available	<b>Selling</b>	15/1/2021
8	<b>Off-Grid &amp; Portable (Drinking) Water Filtration Systems</b>	For Decentralized / Emergency use to treat any source of water (fresh/brackish/sea) which can be powered and charged by solar panel only.	<b>Selling</b>	15/1/2021
9	<b>Industrial Certified Filtration, Disinfection &amp; Conservation</b>	Certified Filtration, Disinfection & Conservation for drinking water in bottling plants, food-and pharmaceutical processes.	<b>Selling</b>	15/1/2021
10	<b>Residential &amp; Commercial Water Filtration and Dispensers</b>	Point-of-use Water Filtration and Dispensers for homes & offices use. Quote "SWA2021" to enjoy (SWA) member only discounts.	<b>Selling</b>	12/1/2021
11	<b>We offer a broad portfolio of globally recognized, industry- leading solutions to help you produce, purify, and extract some of the world's most commercially important products.</b>	Strengthening our partners. Solving water challenges. Sustaining clean-water future. DuPont Water Solutions, a global leader in purification and specialty-separation technologies, we offer the broadest state-of -the-art solutions that integrate ultrafiltration, nanofiltration, reverse osmosis, ion exchange and electrodeionization that help industries and markets operate more effectively, efficiently, and sustainably; help make drinking water safer and cleaner for homes and communities; and make water-scarcity challenges more manageable, wherever they arise. Helping to solve intractable water challenges: it's our commitment. Our key offering brands are FilmTec™, FilmTec™ Fortilife™, Amber series, IntegraFlux™, IntegraPac™, MEMCOR®, Inge®, Desalitech, OxyMem.	<b>Selling</b>	12/1/2021
12	<b>Water Filtration System</b>	Highly versatile water filtration cum mineral infusion system that enhances ordinary tap water by first filtering off impurities and through an innovative enrichment protocol involving a network of capsules with multiple disciplines to enrich and transform the water into clean healthy mineral-enriched hydrogen water.  Housing chamber accepts a variety of ceramic cylindrical filters of various popular types around the world.	<b>Selling</b>	8/1/2021
13	<b>Manpower</b>	1. Singapore Structural Steel Society (SSSS) certified Engineer x1 2. SSSS certified Supervisor x1 3. Certified Steel Welder x10 4. Certified Fmwk Carpenter x10 5. Jet Grouting Machine Operator x1	<b>Others</b>	28/09/2020

**SWA-MAP (Marketplace Assist Platform)**

S/N	Product/Service	Description (Max 50 words)	Please select: a. Buying b. Selling c. Others	Date of submission
14	Manpower	1. SDSS Welders x 12 2. SS316 Welders x 10 3. FRP Laminators x 20 4. LV Cables terminators x 8 5. Control Cables terminators x 8	Others	1/10/2020
15	Disinfection Product	Brand New, 2 pcs in stock for quick ship. De Nora Miox® 2, produce 2 lb/day of Mixed Oxidant Solution. Suitable for swimming pool disinfection and surface disinfection. Producing "Bleach" on site at fraction of commercial chemical cost.	Selling	23/09/20
16	Anti-microbial Multi-purpose Cleaner	VEGA CLEAN AMC Vega Clean AMC is an Anti-microbial Multi-purpose Cleaner from the Vega Clean lineup, has been lab tested and proven effective against bacteria, yeast, fungi and viruses. Tested against 4 different bacteria and proven efficacy at least 30 seconds on application.	Selling	28/08/20
17	Environmental friendly bacteria, yeast, fungi, odour remover	VEGA OR is a product of a fermentation process using Japanese Technology from Okinawa. Natural, chemical-free and pesticide-free ingredients. It has been lab tested and proven effective odour removal and against bacteria, yeast, fungi and viruses. Tested against 4 different bacteria and proven efficacy at least 05 minutes on application.	Selling	28/08/20
18	Plant extracts base Odour remover	VEGA OR-OMJ is a product made from natural ingredient from plant extracts. Consisting a blend of plant extracts derived from aromatic natural organic matter extracted from plants. It is formulated for high reactivity. Utilizing an atomization device, the plant liquid forms tiny droplets and initiates chemical reaction with odour molecules to remove odour.	Selling	28/08/20
19	Engineering Consultancy	Conceptual and Feasibility Studies, Front End Engineering Design (FEED) and Detailed Designs for Transmission and Distribution Pipelines	Selling	26/08/20
20	Pipeline Integrity Management	Developing Owners/Operators Pipeline Integrity Management (PIM) Systems/Protocols including Standard Operating Procedures (SOPs).	Selling	26/08/20
21	RO membrane pressure vessel	Pentair Codeline (ex stock Singapore) - 80E100-1 - 40E100-1 - 80S60-4 - 80S100-6	Selling	24/08/20
22	Environmental Products	Looking for overseas brand environmental products to be authorized to manufacture and market in China and SEA.	Buying	28/7/2020
23	Wastewater Treatment System	Looking for suppliers for Automated Dosing machine and Oil Skimmer.	Buying	3/7/2020
24	Microbial & Enzymatic Wastewater Treatment solution	Looking for distributors/solution partners to supply its suite of product solutions to treat wastewater discharge using microorganisms & enzymatic for a more sustainable solution towards a cleaner & greener earth.	Others	3/7/2020
25	Environmental friendly - microorganisms Wastewater Treatment solution	Provides consultancy and solutions for wastewater treatment. For wastewater treatment plants, kitchen waste pipes, sump pits, sewage tanks etc. Low-cost sustainable wastewater solution. "Your Microbial Partner!"	Selling	3/7/2020
26	Online and Lab Water Analyzers (Bacteria, Wet chemistry, Turbidity & SS, Oil in water)	1) COLIMINDER - Rapid Online Bacteria Analysis 2) COLIFAST - Online Bacteria Analyzer 2) SYSTE A - Special Ion analysis in water 3) PARTECH - Turbidity & Suspended Solids measurement 4) ARJAY - Oil in Water	Selling	1/7/2020
27	Water Meter for Building & Construction Project	Automated Meter Reading (AMR) Ready water meter with diameter ranging from 15mm to 150mm, available in both Class B and Class C accuracy.	Selling	18/6/2020

## SWA-MAP (Marketplace Assist Platform)

S/N	Product/Service	Description (Max 50 words)	Please select: a. Buying b. Selling c. Others	Date of submission
28	<b>System Integration Solution Provider for Building Management System</b>	End-to-end solution provider that offers product customization from simple meter data reading with our hardware components (metering device, sensors) to a full suite of data analytics software and billing solutions.	<b>Selling</b>	18/6/2020
29	<b>Supply of Smart Metering Solution for Energy Management System for Institution &amp; Commercial Project</b>	Cost effective wireless solution to collect data from devices (water meters, heat meters, electricity meters, gas meters) with our device agnostic, platform agnostic and network agnostic meter interface unit.	<b>Selling</b>	18/6/2020
30	<b>1. DUCTILE IRON PIPES 2. CAST IRON PIPES</b>	1. Saint Gobain Hydroclass PAM (EN545) Ductile Iron Pipes: 80mm 6M DICL, 100mm 5.5M DICL, 150mm 5.5M DICL, 200mm 5.5M DICL, 250mm 5.5 DICL, C64 200mm 5.5M DICL, C64 250mm 5.5M DICL, C50300mm 5.5M DICL 2. Saint Gobain SMU Cast Iron Pipes (EN877): 50mm, 75mm, 100mm, 125mm, 250mm, 300mm, 75mm plus, 100mm plus. Fittings, Collars, Couplings	<b>Selling</b>	17/6/2020
31	<b>International manufacturers of building &amp; construction chemical products and technologies</b>	Product range such as: • Sewer, Pipeline & Manhole Repairs • Chemical Tank protection lining • Waterproofing System • Concrete repair & protection • Concrete Additives & Admixtures • Injection systems • Industrial & Resin flooring • Architectural Mortars	<b>Selling</b>	5/6/2020
32	<b>Total Water Cycle Audit</b>	a 360 evaluation on your entire water cycle. We provide you with a detailed action plan with KPI and identified potential risks to improve your water consumption and water quality.	<b>Selling</b>	22/5/2020
33	<b>Water Treatment Chemicals and Additives</b>	Our range of Hydrex™ water treatment chemicals includes are formulated for both industrial and municipal sectors including cooling tower water treatment, legionella control, process water production, etc.	<b>Selling</b>	22/5/2020
34	<b>Digital Water Monitoring Solutions</b>	AQUAVISTA™ is a truly digital suite enabling remote monitoring, troubleshooting, and optimization of your water and wastewater treatment plants as well as modular equipments.	<b>Selling</b>	21/5/2020
35	<b>Water Solutions For Business Continuity Plan</b>	A mobile & pre-engineered water treatment system deployed on a trailer for short term or multi-year rental. Ideal for scheduled plant maintenance, new plant commissioning, unplanned downtime, and unexpected water disruptions, etc.	<b>Selling</b>	21/5/2020
36	<b>Containerized Water &amp; Wastewater Treatment System</b>	1. Modularized & containerized water & wastewater treatment systems equipped with pre-treatment, ceramic/polymeric membrane & disinfection systems 2. Online Monitoring	<b>Selling</b>	19/5/2020
37	<b>ECM Treatment System (Chemical-free, Cost-effective)</b>	1. Chemical-free, cost-effective and automated ECM for treatment of silty/runoff water 2. Online Monitoring & Control	<b>Selling</b>	19/5/2020
38	<b>Modularized Electrocoagulation Systems</b>	1. Smart Electrocoagulation system suitable for industrial wastewater containing emulsified oil&grease, suspended solid, COD, heavy metals, etc. 2. Cost-effective 3. Chemical-free 4. Enclosed system	<b>Selling</b>	19/5/2020
39	<b>Electric Motor</b>	Brand New ABB Brand 75kW/1450RPM or 86kW/1770RPM B5 Flange Horizontal Motor Class F IP 55 Ex Proof Motor. Can be used for Hydraulic Power Pack. Ex Stock	<b>Selling</b>	12/05/20
40	<b>Data Analytics</b>	Expertise for data analytics for intelligent insights for Smart Integrated Operations and Management. Enterprise IOT Cloud platform available for interfacing different types of sensors and data platforms for integrated analytics.	<b>Others</b>	4/5/2020

**SWA–MAP (Marketplace Assist Platform)**

S/N	Product/Service	Description (Max 50 words)	Please select: a. Buying b. Selling c. Others	Date of submission
41	remoteEye IOT Platform for smart remote Monitoring of Assets (Hardware, Cloud Software & Mobile App)	Easy to Deploy. Can connect different types of Sensors (Modbus, Analog, Pulse/Digital). Application: Leak Detection, Equipment Failure, Water Level, Water Quality, Water Metering, Temperature, Vibration, Energy Monitoring etc.,	Selling	4/5/2020
42	Hollow fiber ,ceramic membrane, MF/UF/NF/RO membrane, water treatment, membrane filtration & separation technology, ion-exchange technology	1.Purification /concentration/decolorization/separation in food processing & pharmaceuticals 2. Wastewater recovery/MBR application/ pure water and seawater treatment 3. Products include full range of membrane materials and systems 4. Services include problem formulation, process design, pilot testing, all the way to deployment of membrane systems	Selling	4/5/2020
43	Pumps Qty: 50pcs (in Spore)	1. Brand new, pumps for water, waste water, sewage, recycling, oil&gas, chemicals Material Stainless steel SS 316 Various sizes from 1 - 50 m3/h Pressure rating up to 10 bar 2. Fully refurbished pumps for water, waste water, sewage, recycling, oil&gas, chemicals Material Cast iron; Sizes from 1 - 100 m3/h Pressure rating up to 10 bar Possible be also for rental/loan	Selling	28/4/2020
44	Environmental Consultancy	Environmental impact assessment (EIA), Environmental Monitoring and Management Plan (EMMP), water quality, risk assessment, environmental hydrology, ecotoxicology, aquatic ecology, river mechanics, contaminated sediment management, sediment transport	Others	27/4/2020
45	IoT Platform	Low cost iot platform for smart water monitoring and automation	Selling	24/04/20
46	Membrane Pressure Booster Tank & Pump	Brand New Italy Brand Membrane Pressure Booster Steel Tank for Building, Fire Fighting System, Available in 60L to 3000L Tank. Pressure 10Bar to 16 Bar. Brand New Italy Brand SS 316 Priming Centrifugal Pump. Up to 5m3/hr at 5 Bar. Can be used for Building Pressure	Selling	23/04/20
47	Sewage / Sludge Pump	Brand New Germany Brand Eccentric Screw Pump. Up to 110m3/hr at 22 Bar. Can be used for Mud / Sludge. High Performance. Consistent Pressure	Selling	23/04/20
48	UV Sterilizer, Water Filtration	Brand New Germany Brand UV Sterilizer. Can be used for Rain Harvesting System in Building, Pharmaceutical Industry etc. Have other Fresh Water Treatment System Equipment as well.	Selling	23/04/20
49	Magnetrol and Panametrics Flow metres Sales & Calibration	Magnetrol Transmitters and Panametrics Flow metres & Moisture analysers and spare parts for sale and repair. Calibrate all brands of analysers.	Selling	22/4/2020
50	Masoneilan and Consolidated Valves Sales & Servicing	Masoneilan control and Consolidated safety complete valves and parts for sale and authorised repair centre. Also Overhaul all brands of valves.	Selling	22/4/2020
51	Sundyne and SPX pumps Sales & Servicing	Sundyne and SPX complete pumps and spare parts for sale and authorised repair centre. Also overhaul all brands of pumps.	Selling	22/4/2020
52	Chemicals	Provision of Chemicals for Water Treatment. Antifoam, antiscalants, biocides, coagulants, corrosion inhibitors, filter media, flocculants, membrane cleaners, softener, salt, pH and other calibration solutions	Selling	22/04/20
53	Multichannel and multifunction microprocessor transmitter/controller	The 8619 multichannel and multifunction transmitter/controller, available in two housing variants for panel or wall mounting, is a microprocessor transmitter/controller for connection of sensors which deliver raw signals for pH, ORP, conductivity and flow via pulses or sensors (like pressure, level, chlorine...)	Selling	21/04/20
54	Online Water Monitoring for Ultrapure /Drinking /Municipal Water available for rental or purchase	Type 8905 is a device for continuous analysis of the most important water parameters: - pH - chlorine/chlorine dioxide - conductivity - ORP - turbidity - temperature. Customisable according to customer requirements. Available for rental or selling in compact version or panel.	Selling	21/04/20

**SWA-MAP (Marketplace Assist Platform)**

S/N	Product/Service	Description (Max 50 words)	Please select: a. Buying b. Selling c. Others	Date of submission
55	Open channel flow meters and pH for effluent discharge from WWTP	Open Channel flow meter for Parshall flumes and V-notch system. System and solution consist of: -Type 8619- Wall mounted panel version microprocessor transmitter/controller -Type 8177- Ultrasonic level transmitter -Type 8619- pH sensor with panel box	Selling	21/04/20
56	Membranes	Hydranautics is a global leader in membrane technology. We offer a wide range of reverse osmosis (RO), nanofiltration (NF), ultrafiltration (UF) and microfiltration (MF) membrane based solutions to the water and separations industries.	Selling	21/04/20
57	PTFE filter	Our temish is porous PTFE material which shuts out water but allows air to pass through. This can be applied to many industries eg cleanroom, green building, etc	Selling	21/04/20
58	Permeate Monitoring System Solution, Available for Rental or Purchase	Continuous permeate monitoring system for increase performance, quality and safeguard your Reverse Osmosis(RO) membrane for short-term system evaluation at attractive price or for purchase. 1. Initial appointment with on-site evaluation 2. Installation and system set up 3. Post report and evaluation	Selling	21/04/20
59	Design Consultancy	Engineering. Management. Development. As the water sector faces unprecedented challenges – ageing infrastructure, population growth, water scarcity and climate change, our specialist teams can guide you through them all. We advise on projects to realise new assets, and keep existing ones running optimally, through our detailed understanding of the technical and commercial factors affecting the water sector.	Others	16/04/20
60	UF Membranes, Cartridge Filter & Housings, RO Pressure Vessels	<input type="checkbox"/> PVDF Ultrafiltration Membranes <input type="checkbox"/> Pleated Cartridge Filter & Housings <input type="checkbox"/> FRP RO Pressure Vessels <input type="checkbox"/> Accessories (Couplings, Connectors...)	Selling	16/04/20
61	Legal	Providing legal services with particular expertise in the PPP and infrastructure projects.	Others	15/04/20
62	Water Treatment Chemicals	Chemical Treatment for Boilers, Cooling Towers, Chillers, Reverse Osmosis, Waster Water.	Selling	15/04/20
63	Compact Water Purification System	Our product is about alleviating the crisis of scarcity of clean water by treating and purifying available water to provide hydration as part of humanitarian relief efforts or for rural communities. Much of the cost of clean water is really embedded in transportation via pipeline or truck. Our award winning product video : <a href="https://www.youtube.com/watch?v=HXzgALXv1Oo">https://www.youtube.com/watch?v=HXzgALXv1Oo</a>	Selling	15/04/20
64	Desalination / Water treatment	1.Third-party technical advisory services. 2.Design review and design qualification: technical due diligence including testing of functionality, durability, efficiency and security of supply. 3.QA/QC: perform installation qualification, HSE support. 4.Final acceptance of construction: evaluate operation and maintenance manuals and assess actual functionality and efficiency in operation.	Selling	15/04/20
65	Membrane services	1.Over 20 specific tests are conducted on different types of membranes for fouling issues or reduced performance. 2.Continuous membrane element characterization: UF/NF/RO. 3. Sustained fact-based UF / NF / RO plant optimization: develop an integrated, prioritized optimization programme targeting savings in consumables, energy and labor.	Selling	15/04/20
66	Water efficiency services	1.Assessment: reviewing engineering processes, system operations and production plants regarding water processes and wastewater treatment. 2.As-Is analysis: inventory control, water balance sheet, system catalogues. 3.Audit and certification: ISO 46001 Water Efficiency Management System. 4.Training: standards and environmental requirements.. 5.Calculate or verify water footprint.	Selling	15/04/20
