The impact of COVID-19 in Asia-Pacific is tremendous due to the concentration of economic activities, demographics, urbanization and industrialisation. With more than two-thirds of global population, the pandemic has shown how tightly the Asia-Pacific region is driven into the economic and social composition of the world with display of swift reaction, steadfast policies and innovation by several Asian countries who can effectively handle this unparalleled business disruption.

In conjunction with ASIAWATER 2020, this webinar hosted by Singapore Water Association and Informa Markets, summarizes the key impact and calls for extraordinary measures towards embracing sustainable water solutions in Asia.

### ANNEX

#### About Singapore Water Association (SWA)

Established since 2004, Singapore Water Association has been instrumental in profiling and promoting Singapore as a pivotal regional hub for all water-related services and water technologies, by providing a platform to build effective networking, facilitate opportunities for collaboration, and foster the exchange of ideas and knowledge amongst member companies.

SWA also serves an integral linkage for members, to the global water network through the setting up of Singapore Pavilions at Singapore International Water week and overseas trade shows. In addition, SWA continues to promote development of water technologies and innovations through missions, forums and conferences.

There are consistent, ongoing efforts to develop partnerships and collaborations in growth areas of strategic mutual interests and objectives with higher learning institutes and research centres. To-date, SWA has grown to have 260 members from an initial 27 in year 2004.

#### About Informa Markets

Informa Markets is part of Informa PLC, a leading B2B information services group and the largest B2B events organiser in the world.

Informa Markets creates platforms for industries and specialist markets to trade, innovate and grow. Our portfolio is comprised of more than 550 international B2B events and brands in markets including Healthcare & Pharmaceuticals, Infrastructure, Construction & Real Estate, Fashion & Apparel, Hospitality, Food & Beverage, and Health & Nutrition, among others. We provide customers and partners around the globe with opportunities to engage, experience and do business through face-to-face exhibitions, specialist digital content and actionable data solutions.

As the world's leading exhibitions organiser, we bring a diverse range of specialist markets to life, unlocking opportunities and helping them to thrive 365 days of the year.

#### About ASIAWATER 2020

ASIAWATER 2020, organised by Informa Markets, is the leading water and wastewater events in ASEAN driven with the involvement of 18,000 industry professionals from 48 countries gathering under one roof to build trade relationships with policy makers, industry leaders, experts and practitioners, key decision makers, technology suppliers in the industries of municipality of water and sewerage, industrial wastewater and irrigation operators as well as water resources management.

On its 11th edition, ASIAWATER 2020 is scheduled to be held from 30 Nov – 2 Dec 2020 at the Kuala Lumpur Convention Centre (KLCC) where this 3-day exhibition includes free-to-attend technology seminars & presentations from industry experts discussing the prospects, latest technologies, current and future issues whirling around the water and wastewater industry.
