Guest Speaker

Mr Roger Wong
Assistant Director (Development)
Hong Kong Water Supplies Department

Mr Roger Wong obtained his first degree in civil engineering from the University of Hong Kong. He has professional qualification in civil engineering. He joined the Hong Kong Government as an Assistant Engineer in August 1992, and since then his career has been closely associated with the development of Hong Kong's infrastructure. He has served in the Highways Department, the Civil Engineering and Development Department, and the Works Branch of the Development Bureau. He is currently the Assistant Director of the Water Supplies Department.

Moderator

Dr Chiu Kuang Ping
SWA Council Member;
Executive Director, Water and Urban Development, AECOM

Dr. Chiu has over 20 years' experience in water and wastewater treatment technologies, concept design, and project management. She obtained her PhD in Civil Engineering from Purdue University in the US and has project experiences in North America, Middle East and Asia Pacific. She is a certified PMP, a PE of California in the US and a certified LEED AP. She has 3 patents and more than 30 journal and conference papers.

Her experience of advanced water and wastewater treatment includes membrane, water reuse, desalination, UV, and disinfection. She is also involved in resource recovery and waste management projects that are critical components of circular economy loops.

About SgWX Water Utilities Series

The SgWX Water Utilities Series is co-organised by the Singapore Water Exchange and the Singapore Water Association. The webinar provides a platform for the water industry to interact with overseas utilities and regulators, understand their challenges and identify business opportunities.

About the Singapore Water Exchange

The Singapore Water Exchange (SgWX), managed by PUB, Singapore's National Water Agency, is a purpose-built infrastructure to provide an integrated and conducive environment for water companies to innovate and collaborate. Launched in Jul 2018, SgWX offers a variety of collaborative spaces to serve as a launchpad for companies to grow their businesses in the region and beyond.
