SWA & SG MEM Joint Webinar: Water for All – Sustainable Resource Management

3rd November 2020, Complimentary, ZOOM

Invited speakers from NEWRI Ecosystem, DuPont and Century Water dove into exclusive topics such as deployment and water treatment solutions in Southeast Asia, industry water solutions and innovations for water challenge and hollow fiber nanofiltration membranes and applications.

Deck and recording can be downloaded from
www.swa.org.sg/swatch/

SWA Webinar: In Conversation with Enterprise Singapore

11th November 2020, Complimentary, Cisco Webex

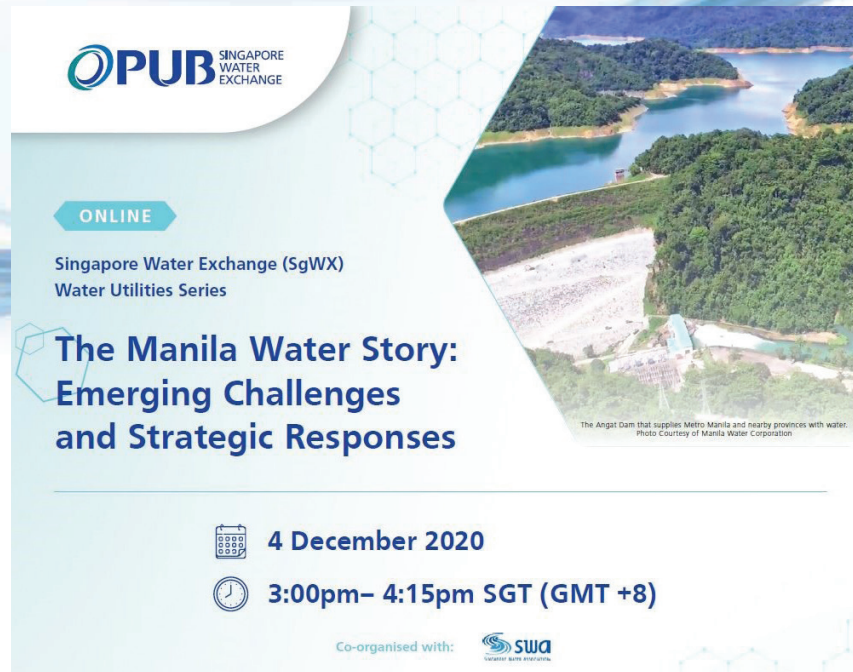

Sharing of government support schemes and discussion of business challenges with SWA members

As the Singapore economy eases into the new normal, the ever-evolving situation highlights the importance for local companies to be agile and adapt quickly to changes. Enterprise Singapore (ESG) will support Singapore SMEs in their business transformation and growth plans to embrace the new normal.

22 local companies joined us (by invite) for a dialogue session on 11th November 2020 as ESG shared about government support schemes, and welcomed water companies to voice their concerns and business challenges.

SWA/SgWX Water Utilities Series: The Manila Water Story - Emerging Challenges and Strategic Responses

4th December 2020, Complimentary, Cisco Webex

PUB SINGAPORE WATER EXCHANGE

ONLINE

Singapore Water Exchange (SgWX)
Water Utilities Series

**The Manila Water Story:
Emerging Challenges
and Strategic Responses**

4 December 2020

3:00pm– 4:15pm SGT (GMT +8)

Co-organised with: **SWA** SINGAPORE WATER ASSOCIATION

Globally, water utilities have to adapt to external changes, such as rapid urbanisation, impact of climate change and increasing customer demand. Manila Water is no exception. This webinar presented **Manila Water's** specific challenges and the solutions it has implemented to ensure operational continuity. The webinar also discussed the company's key programmes till 2037. More than 180 attendees learned about Manila Water's long-term plans and discovered new opportunities and latest development in the Philippine water market.

SWA & ProMinent Joint Webinar: Increasing demands in treating wastewater management in our region

8th December 2020, Complimentary, Cisco Webex

With the immense opportunities to make an impact in improving wastewater management in our region and to share latest solutions and know-how, Singapore Water Association (SWA) and ProMinent Fluid Controls (F.E.) Pte Ltd co-organised a Webinar: "Increasing demands in treating wastewater management in our region: Overcoming pain points and boosting efficiencies" on Tuesday, 8th December from 4pm - 5pm well attended by 72 participants.

Deck and recording can be downloaded from
www.swa.org.sg/swatch/

SWA Digitalisation Series:

Emerging Stronger – Digitalise your Corporate and Admin Functions

15th December 2020, Complimentary, HYBRID @ SgWX

Emerging Stronger - Digitalise Your Corporate and Admin Functions

15 Dec 2020

Tuesday

4:00pm to 5:30pm

Hybrid format:

(a) Online streaming

(b) Physical session @ PUB WaterHub
Singapore Water Exchange
84 Toh Guan Rd East
Level 1, Seminar Room

Joint organisers :

More than 70 signed up for our inaugural HYBRID event at Singapore Water Exchange. Attendees hear from IMDA, SSG and NTUC USME on the funding, training and consultancy support available to SMES to help digitalise backend business functions. We learned more about HSL and Crystal Clear's digital transformation journey too. It was a great sharing

session to enable local companies to stay afloat and emerge stronger from the pandemic and was presented with various government support packages to implement digital solutions.

Presentation deck can be downloaded from www.swa.org.sg/swatch/

UPCOMING SWA ACTIVITIES

ORIENTATION DAY 2021

8th January 2021, Complimentary, HYBRID

Media Partner:

Supported by:

Brought to you by:

The pandemic has drained us out for 2020 and we are all eagerly hoping to return to the norm where we can network again. Come meet some of our new members who joined us in 2020 at our inaugural Orientation Day on **8th January 2021, Friday, 3pm - 5pm at e2i West Hall 2 Lvl 1** with our Media Partner, Water & Wastewater Asia and SWA Council. This will be a hybrid event where a snap introduction will be presented onsite and together with our virtual attendees, the Q & A session can be intriguing and interactive. We will take this opportunity to introduce and give an update of SWA 2021 Events and Activities.

ONLINE + ONSITE

ORIENTATION DAY

8 January 2021, Friday, 3pm to 5pm

SWA & Fluence Joint Webinar: Delivering Sustainable Water Solutions Through Decentralization

12th January 2021, Complimentary, Cisco Webex

Decentralised treatment is an important solution for global water scarcity and climate resilience challenges. Advances in technology have made decentralised wastewater treatment and water reuse viable even in areas off the grid.

The Singapore Water Association (SWA) and **Fluence Corporation** are co-organising a webinar: **Delivering Sustainable Water Solutions Through Decentralization** (Tuesday, 12th January 2021, 3pm – 4pm SGT) which helps to illus-

trate a simple yet cost efficient decentralised water and wastewater treatment strategy which will help to provide the sustainability and flexibility required to deal with global water challenges.

Delivering Sustainable Water Solutions Through Decentralization
A simple yet cost efficient decentralized water and wastewater treatment strategy will help provide the sustainability and flexibility needed to deal with water challenges around the globe
