8 Apr 2022, Webex. Exclusive for
Young Water Professionals

Guest speaker Ismail Weiliang,
founder of Waterbender Sg,
shared his motivation and story
as a young water professional,
running this non-profit organisation
in Singapore. As a non-profit
organisation, Waterbender Sg
crowdfunds to deliver humanitarian
relief for those in need.

[Webinar] SIWW2022: The global platform to share and co-create innovative water solutions

17-21 Apr 2022

It was a fruitful event
where the Singapore
Water Association (SWA)
and Singapore Business
Federation co-hosted
the Singapore Business
Forum on 18 Apr 2022

which comprises three main segments – MoU signing ceremonies, panel discussion and introduction of 12 Singapore companies.

SWA was honoured to have established the MoU signing ceremonies with British Water, International Water Association, Nanjing International Water Hub and IES Academy, the training arm of The Institution of Engineers, Singapore.

The panel discussion was moderated by Sean Ong, deputy director of urban solutions and infrastructure services for Enterprise Singapore, with panellists Chew Men Leong from ST Engineering, Tan Cheng Guan from Sembcorp Industries, Tan Boon Leng and Tay Peng Cheng of Water-Waste Subcommittee, who provided the audience with a new perspective in fostering partnerships with technology and innovations.

[Hybrid] Canadian Water Tech Forum 2022

Jointly organised with The High Commission of Canada in Singapore

22 Apr 2022, SWA members

Venue: Arena @ Co-space Park

In conjunction with Singapore International Water Week, The High Commission of Canada in Singapore, in collaboration with SWA, organised a Water Technology Forum for Canadian water technology companies in conjunction with the conference and trade show. This is the second edition of the Canadian Water Tech Forum co-hosted with SWA since 2018.

A total of 70 SWA members and Canadian delegates attended the event. Jean-Dominique Ieraci, High Commissioner of Canada to Singapore, delivered

his welcome address followed by presentations by the Canadian delegates as well as PUB, Singapore's national water agency, Enterprise Singapore, Sembcorp

Industries and Asian Development Bank (ADB) in the morning, and was followed by 30 business matchmaking sessions in the afternoon.

43rd Singapore Water Industry Nite (SWIN)

12 May 2022, SWA members and invited guests only

Venue: PUB Waterhub Auditorium

Organised by the SWA, the Singapore Water Industry Nite (SWIN) returned for its 43rd edition and was attended by 150 SWA members and invited guests. Programme highlights include sharing

sessions by China Harbour Singapore Engineering Company (CHEC), UES Holdings, updates on SWA activities and presentations by PUB and H2O Asia. The event was then followed by a sit-down

dinner with wine, Newbrew Beer and a buffet.

The 43rd SWIN was sponsored by CHEC and UES Holdings.

SWA Technology Mission to IFAT 2022 Munich, Germany

30 May-3 Jun 2022

In conjunction with IFAT 2022 Munich, a trade fair for water, sewage, waste and raw materials, and as part of SWA's continuous effort to enhance its members' competitiveness through exploring new markets and business opportunities, SWA organised a Technology Mission from 30 May-3 Jun 2022.

A Singapore delegation of 20, which comprised of seven water companies, representatives from PUB and Enterprise Singapore attended the mission. The delegates also met with Dr Amy Khor, Senior Minister of State for Transport, and Sustainability and the Environment.

The main highlight of the four-day programme was the B2B matching session with GWP, DWA and NWP pavilion exhibitors and the Singapore Business Forum. A total of 98 pre-arranged meetings

of which 10 MoUs were signed. Delegates were satisfied with the overall mission planning and programme as they gained new business contacts, market insights and the latest technologies, and developed cross-border business collaborations. In addition, delegates also visited the Oberschleissheim wastewater treatment plant for an in-depth understanding of the operations with smart remote monitoring systems and the latest equipment.
