30 Aug 2022

## Webinar: Singapore-UK Connects: Water Technologies for Sustainability and Resilience

Co-organised with Enterprise Singapore, PUB, SWA and British Water

1 Sep 2022

The Singapore-UK Connects: Water Technologies for Sustainability and Resilience event brought innovative water technologies from Singapore to UK. This event was targeted towards UK water utilities, consulting firms, and SMEs, with the goal of connecting innovative Singapore water tech start-ups to British partners for tech collaboration and adoption. Start-ups pitched their water solutions, and shared their innovative solutions for smart water monitoring, advanced membranes, wastewater treatment systems, and technologies for improved water sustainability and resilience.

## UPCOMING SWA ACTIVITIES

### SWA Technology Mission to Jakarta in conjunction with Indowater 2022

3-5 Oct 2022

Venue: Jakarta, Indonesia

As part of its continuous effort to enhance their members' competitiveness through exploring new markets and business opportunities in SEA, SWA, in conjunction with INDO WATER 2022 Expo, will be organising a business mission to Jakarta from 3-5 Oct 2022. This mission will focus on a better understanding of post-COVID business opportunities and challenges, explore and to develop cross border business collaborations with key Government authorities and Industry groups in Indonesia.

### SWA Business Mission to Jakarta 3<sup>rd</sup> to 5<sup>th</sup> October 2022

Organised by: **SWA** SINGAPORE WATER ASSOCIATION  
Supported by: **Enterprise Singapore**  
In conjunction with: **INDOWATER 2022 EXPO & FORUM**

### INDO WATER EXPO 2022

5-7 Oct 2022

Venue: Jakarta, Indonesia

INDO WATER 2022 Expo & Forum has returned after three years. In 2019, the show brought together over 10,000 industry professionals and experts also over 600 exhibitors from 30 countries.

The show will update industry professionals on the latest trends, developments, building valuable partnerships in Indonesia. Water supply and sewerage companies, consultants, contractors, wastewater treatment professionals and decision makers can also look for cost-effective solutions for the growing Indonesia's water sector.

### SWA Technology Mission to New Orleans in conjunction with WEFTEC 2022

10-14 Oct 2022

Venue: New Orleans

In conjunction with Water Environment Federation's Technical Exhibition and Conference (WEFTEC) 2022, SWA is organising a five-day mission to New Orleans as part of continuous efforts to enhance our members' competitiveness through exploring new markets and technology adoption. WEFTEC brings together water professionals from around the world delivers water quality education, specialists, the latest technology and trends, and proven solutions.

## VIETWATER EXPO 2022

9-11 Nov 2022

Venue: Ho Chi Minh, Vietnam

SWA has announced its participation in the 12th edition of VIETWATER EXPO, in Ho Chi Minh City. This event offers business opportunities for companies in the water, wastewater treatment industry in Vietnam and across Indo-China.

Overall, the water infrastructure industry is expected to grow 7% annually between 2017-2026. In addition to large-scale wastewater treatment plant projects, there is also a substantial market for small and custom wastewater treatment and reuse solutions, septage management, and space-saving techniques such as advanced trenchless technologies. Vietnam's economy is expected to have the highest growth rate in South East Asia in 2022 at 6.5%, as seen in the latest data from the Asian Development Bank.
