

### Opening Address

#### Mr Chew Men Leong

► President, Singapore Water Association

Mr Chew Men Leong currently serves as President of the Singapore Water Association and emphasised on SWA's mission to strengthen local capability and cultivate strategic regional partnerships to elevate Singapore's water sector.

### Opening Keynote

#### Mr. Wong Tew Kiat

► President, Data Centre Chapter

Mr Wong Tew Kiat brings over 25 years of expertise in Business Continuity Management (BCM), IT Disaster Recovery (ITDR), and Data Centre Management. A long-standing industry leader, he holds multiple professional certifications and currently chairs the Board of Assessors for SCS's CITBCM programme.

### Keynote Address

#### Mr. Lim Tuang Liang

► Government Chief Sustainability Officer / Deputy Secretary (Special Duties)

Ministry of Sustainability and the Environment, Singapore

Mr Lim is the Government Chief Sustainability Officer and Deputy Secretary (Special Duties) at Singapore's Ministry of Sustainability and the Environment. As GCISO, Mr Lim is responsible for coordinating the Singapore Government's sustainability efforts to realise a sustainable, resource-efficient and climate-resilient Singapore.

#### Ms. Magdalene Loh

► Director | Urban Solutions & Sustainability Enterprise Singapore

Ms Magdalene Loh is the Director overseeing the Urban Solutions and Systems (USS) industry cluster group in Enterprise Singapore (EntSG). EntSG is the government agency championing enterprise development. Under the USS portfolio, Magdalene oversees the energy, water and waste management and built environment sectors.

## Panel Discussion: Challenges and Opportunities in Data Centres

#### Dr. Lan Yihong

► Executive Director, Suntar Environmental Technology

Dr Lan Yihong is the Executive Director of Suntar International Group. Since joining the company in 2015, he has overseen strategic planning across the group's diverse portfolio in Southeast Asia, South Asia, and the Middle East. Before assuming his current role, Yihong was responsible for establishing Suntar's Northwest China manufacturing facility in Yan An, Shaanxi.

#### Dr. Jason Tang

► Chief Sustainability Officer, Ngee Ann Polytechnic Director, CIES (Centre for Environmental Sustainability)

Dr. Jason Tang is a distinguished sustainability leader with close to 20 years of experience driving green innovation at the Centre for Environmental Sustainability (CIES), where he has led the development of breakthrough technologies such as distributed pumping systems for energy-efficient cooling and advanced liquid cooling for data servers.

#### Mr. Ian Waldock

► Director for Data Centres in APAC, Georg Fischer

Having spent fourteen years in the UK and European building services and data center markets, primarily focusing on system specification and offsite prefabrication deliverables, Mr Ian was tasked in 2020 with establishing and leading Georg Fischer's expansion into the APAC data center market. His mission is to drive sustainable advancements in data center technology while ensuring that Georg Fischer's clients achieve optimal results through tailored, efficient solutions.

#### Mr. Ong Liong Chuan

► Certified BCM Instructor, Disaster Recovery Institute International

Mr Ong Liong Chuan has more than 40 years of working experience in the electricity and gas industries. He was appointed as the SP Group BCM Coordinator and SP Group Emergency Planning Officer. He was also a key driver of the work in the Technical Committee under the Singapore Standards Council.

#### Ms. Jayne Leow

► Director of Sustainability, NCS Pte Ltd

As a Corporate Sustainability leader, Ms Jayne Leow leads NCS in ensuring its business practices adhere to higher ESG standards. She collaborates with various departments and stakeholders to minimise the environmental footprint of business operations, while creating value for clients and communities through green digital offerings and sustainable solutions.

### Moderator

#### Mr Charles Goh

► Council Member, Singapore Water Association

Mr Charles Goh sits on the Council of the Singapore Water Association that guides the direction and strategic decisions of SWA. In this capacity, he contributes to shaping SWA's agenda, overseeing industry initiatives and programs designed to boost collaboration, sustainability, and capability-building across Singapore's water sector.
