EVENT OVERVIEW

Vietwater 2025 successfully brought together over 400 leading manufacturers, distributors, and technology providers from 30+ countries and regions, showcasing the latest innovations in water supply, sanitation, wastewater treatment, and environmental solutions. With more than 8 international pavilions representing key markets such as China, Germany, Netherlands, Japan, Singapore, Taiwan, Switzerland, and Vietnam, the event covered over 10,000m², offering cutting-edge solutions for the water and environmental industries.

The co-located international conferences and seminars further enriched the event, solidifying Vietwater 2025's position as the region's leading platform for water and environmental innovations. These discussions underscored the event's pivotal role in promoting sustainable development within Vietnam's water and environmental sectors, while fostering valuable connections and partnerships for the future.

This report highlights the key achievements, insights, and milestones of Vietwater 2025, showcasing its significant impact in fostering industry connections, driving transformative discussions, and paving the way for growth in the water and environmental industries.

Let's take a look at the impressive figures that highlight the success and growing influence of Vietwater 2025!

EXHIBIT PROFILES

WATER SUPPLY

- Technology
- AOD & Centrifugal Pumps
- Belt Filters
- Filter Screens

DRAINAGE & SEWERAGE TECHNOLOGY

- Actuators
- Alarm Equipment
- AOD & Centrifugal Pumps
- Bleed-Of-Control Equipment

WASTEWATER TREATMENT TECHNOLOGY

- Absorption Agents and Devices
- Activated Carbons
- Aerated Grit Chamber
- Aeration Equipment

SLUDGE TREATMENT TECHNOLOGY

- Sludge Belt Conveyor
- Activated Sludge Plant Design & Operation
- Sludge Centrifuge
- Sludge Density Control

WATER TESTING & MEASUREMENT

- Analyzers
- Analysis Equipment
- Discharge Control Devices
- BOD Testing & Measurement

IRRIGATION

- Alarm Equipment
- BOD Test & Measurement
- Flow Rate
- Flow Velocity

PUMPS & VALVES

- AOD & Centrifugal Pumps
- Electric Motors
- Metering Pumps
- On-site Pump Efficiency

FITTING & MATERIALS

- AOD & Centrifugal Pumps
- Auma Gearboxes
- Ball and Roller Bearings
- Belt Filters

ENVIRONMENTAL TECHNOLOGY

- Air Pollution Control Equipment
- Cleaning Equipment
- Deaerators
- Decarbonization

WATER MANAGEMENT & SMART WATER SOLUTIONS

- Activated Sludge Plants Design and Operation
- Alarm Equipment

WASTE MANAGEMENT AND RECYCLING

Waste collection and transportation, Waste containers provision, Equipment for waste collection and transportation facilities, etc.

73.4%

of exhibitors will
return in 2025

I always say this year is exceptional because I see a lot of foreign pavilions like we have Singapore, German, Australia and also from Netherlands. It's a very good sign. We have seen a lot of other countries participating in Vietnam and also give us an opportunity to work with them and collaborate.

Mr. Jasvinder Singh
Head, Emerging Markets
Singapore Water Association

Vietwater is the most important water trade fair in the region, and yes, it was a very good atmosphere, and we had a nice quantity of visitors for our company. It's a very nice fair, it's not the first time we've been here. We've been here for many years. We have an active partnership also with the Vietnamese Water Association. We'd love to come back every year.

Ms. Paula ReuB
Advisor for International
Trade Fairs & Events
German Water Partnership

We truly believe that Vietwater serves as an excellent platform to promote our products to both domestic and international customers. Moreover, through Vietwater, we have the opportunity to meet many suppliers from different countries, which helps us seek better partners and enhance our product quality. We are definitely looking forward to joining Vietwater again next year.

Mr. Nguyễn Văn Hằng
Sale Director
Song Hong Viet Co., Ltd

It is great! It's exciting! There's a lot of energy, a lot of discussion going on within the Netherlands pavilion. You know there's a lot of going on, a lot of seam sessions as well, so that's great!

Ms. Raissa Marteaux
Consul General
Consulate General of the
Kingdom of the Netherlands

This is my first time to attend Vietwater, and I found this event is very beneficial for us, because we can share all the things we have in the water industry. And we need a kind of accuracy, innovation and the knowledge that can be shared, because all the things are compatible with each country, and we learn a lot from this exhibition. So thank you for inviting us, and we hope to see you again next year.

Ms. Nisapas Wongpat
MWA Expert
Thailand Waterworks
Association

Mr. Phong

Dynamics and Environmental Management Ajinomoto Vietnam

I'm really impressed by the large scale and professionalism of the exhibition. It brings together many major companies and leading brands in the water and environmental sectors

Mr. Vo Duy Quy

Expert in Water Industry in Vietnam

Vietwater is an excellent platform for companies to showcase and exchange technical solutions and innovations, connect with potential partners and visitors, and explore future opportunities for collaboration.

Prof. Nguyen Van Tinh

Former Director General
General Department of Water Resources, Head of Science and Technology Program on Water Security

Both domestic and international exhibitors, especially those from abroad, are well-represented, and the overall coordination is excellent. I was impressed to see many new and advanced technologies

EVENT HIGHLIGHTS

OPENING CEREMONY & VIP TOUR

Vietwater 2025 commenced with strong media visibility, drawing 50 leading press outlets to the Opening Ceremony. The event welcomed 200+ VIP guests from key domestic and international associations and organizations. The VIP Tour offered an exclusive first look at breakthrough technologies and priority exhibitors, setting a high-energy tone for the three-day exhibition.

During the three-day exhibition, Vietwater 2025 worked closely with leading Vietnamese and international organizations to deliver a well-structured program of conferences, workshops and technical seminars. The sessions covered key industry themes including sustainable water governance, circular economy practices, flood resilience and advanced wastewater treatment technologies. The program welcomed more than 1,500 participants, reaffirming Vietwater's position as an important platform for technical knowledge and sector-wide collaboration.

INSIGHTFUL SERIES OF INDUSTRY SEMINARS & INTERNATIONAL CONFERENCES

Vietwater 2025 Int'l Conference:
"Sustainable Water Governance in the New Era"
